DECORTIAT, at the heart of
the Cosmetic Valley since 1972

DECORTIAT

BY YOUR SIDE FOR DECADES

Decortiat is a packaging specialist for the beauty, perfume, hygiene and care sectors, established in 1972. And for nearly 50 years, our teams have worked together to expand and optimize our range of services and to ensure that our clients receive a consistently highest level of service.

Located in France, in the heart of the vibrant Cosmetic Valley, **we work with the world's biggest perfumery and cosmetic groups.**

Both our headcount formed of 100 qualified members of staff who are trained to **"Cosmetic Good Manufacturing Practices"** as well as the pliability of our production facilities and our storage facility have allowed us to meet the demands of these renowned groups.

Our teams unite their efforts on a daily basis in order to constantly ensure a **quality level honoring your requirements, a high adaptability from our production means, and the whole, in the respect of the provision deadlines.**

OUR SKILLS

BEHIND THE KNOW-HOW

Technical support

Whatever your packaging problem, we can help you to detect points of improvement, be a source of proposals and optimize your production ; Especially since you will contact Decortiat early.

Custom

Tailoring our services to your requirements is one of our strengths. Our adaptability, in a human capacity as much as a technological capacity, means that we can offer a wide range of possibilities. Materials, formats, quantity (from one unit), etc. The possibilities are endless so the best thing to do is contact us.

OTC

We have developed an OTC workshop, with increased GMP level and adapted infrastructure. Now, we are qualified on OTC production. With this new workshop and with the specific organization we implemented, we can target now to develop our business in the Pharmaceutical world, especially in dermo-cosmetics.

Full Services

DECORTIAT Estelle can take on either part or all of your packaging requirements and can provide you with a complete, comprehensive service. Whatever your initial requirements or needs, take the opportunity to let us take care of them and take a weight off your mind.

Contact us about or end-to-end solutions, from creative R&D to delivery.

ALL OUR SAVOIR-FAIRE

ON THE PACKAGING CHAIN

Filling

Mascaras, alcohols, milks, creams, gels, foams, bi-phases, products containing beads, in small or large formats, etc. **We can fill any specific product.**

Cellophan-wrapping

Decortiat Estelle can wrap your **cartons, boxes and cases made from plastic, metal or cardboard** in different films (**acrylic polypropylenes, PVDC, cosmetic specific film**), either plain or printed, and in various weight.

Cartoning

We carry out all types of cartoning, automatic as manual. **Our equipment and our qualified packers** can meet your expectations, even very specific.

Labelling

We provide **various labelling techniques**, from manual to automatic, depending on the specification for each project.

Marking

We have the solution for whichever type of regulatory branding you wish to apply to your cosmetic products and their packaging (**edgemarking, laser branding, small special characters, etc.**).

Kits & boxes

From conception to assembly, including filling your bottles and putting products together, **we can manage your kits and boxes from A to Z.**

Decortiat would be delighted to help you with all your other packaging's needs.

OUR NEW FACTORY

ENLARGEMENT AND OVERHAUL OF PRODUCTION UNITS

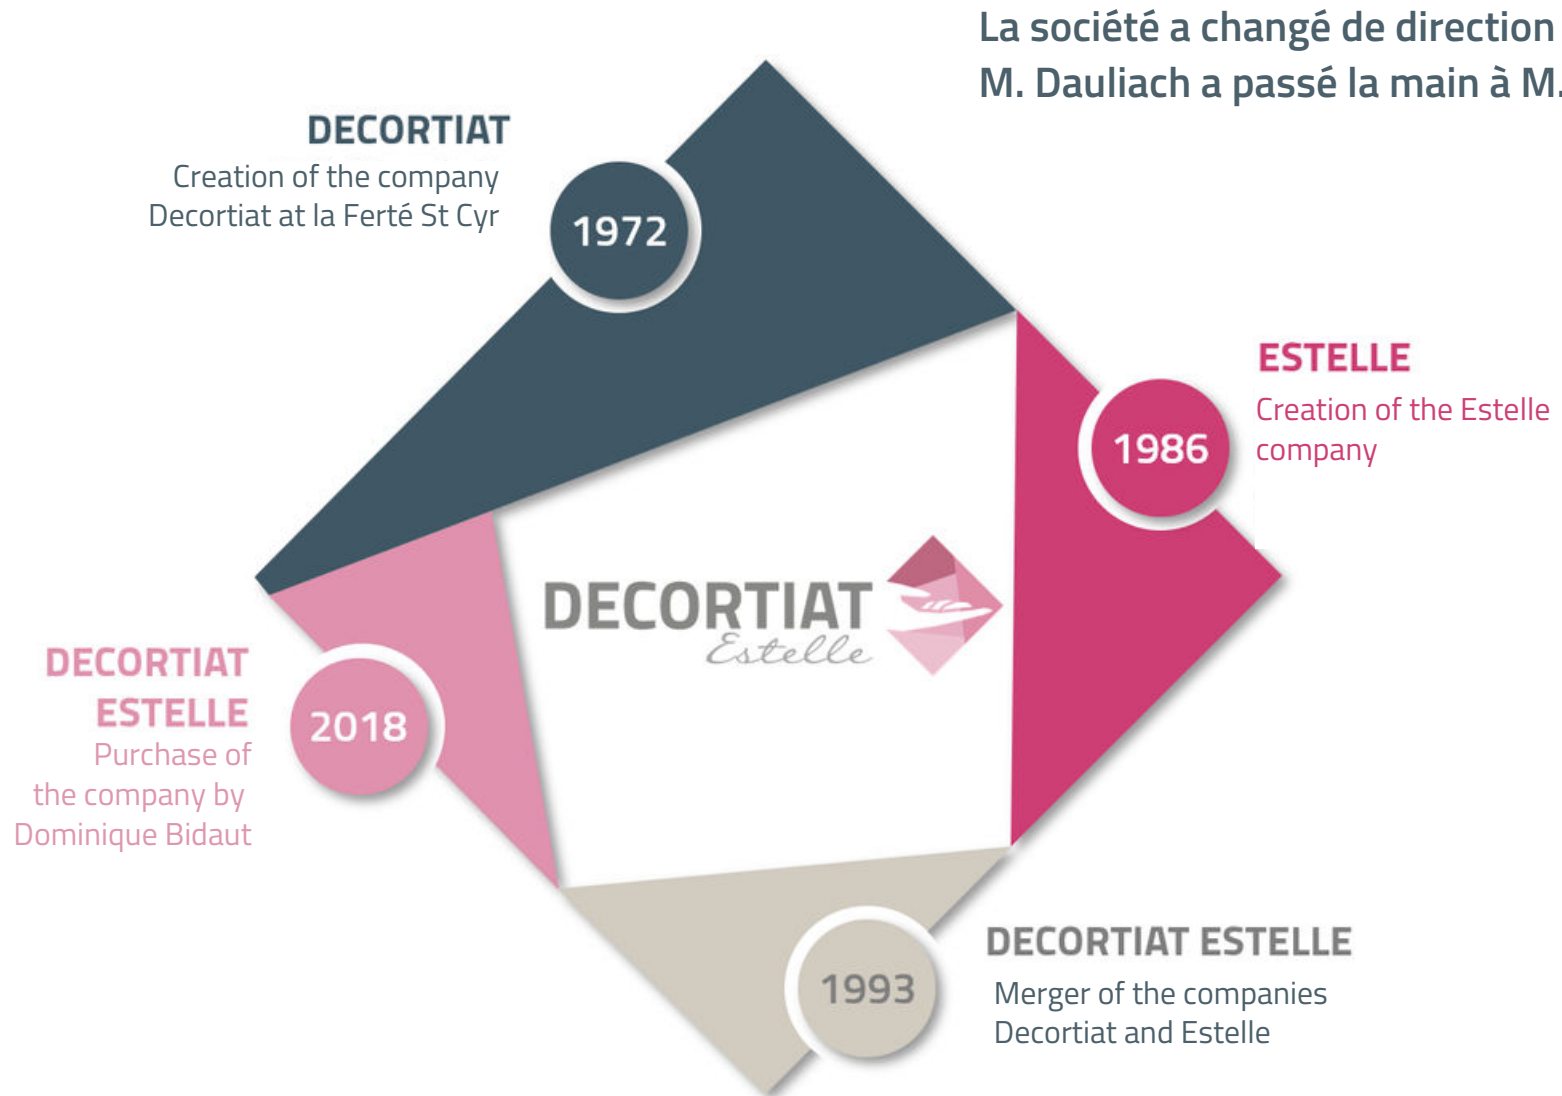

EXTENSION OF OUR FACTORY

IDEC SANTÉ 2019 - Illustration non contractuelle

This construction work made it possible to double the production area as well as to optimize our working conditions. The full extension and renovation was completed in June 2021.

HISTORY

2023 PROGRAM

CONTINUING INITIATED WORKSHOPS

> HIRING AND TRAINING PEOPLE PROJECT

Our main internal objectives:

- Stabilize staff by turning temps into permanent staff - implementation of a new onboarding system
- Perfect the training of people in many areas :
 - 1- Safety
 - 2- Quality
 - 3- Technical skills when needed
 - 4- Micro biological culture
